## Swiss narrow gauge – Rhaetian Railway

## RhB – Sliding door wagon Haik-v 5128 "Möbel Pfister"

Model:       manual work       fine detailed model         chassis: brass       manual work       fine detailed model         superstructure: brass       exact lettering       scale 1:160         delivery: ready-to-run       Special edition by AB-Modell       gauge Nm         engine: without       browned wheelsets       requires 6,5mm-track         construction: Schlosser       minimum radius 195 mm         couplers: Micro-Trains-Line       high weight       every vehicle numbered	-				-
Since 1970 RhB uses four-axled sliding-door-wagons.         In 1980 the company bought further 25 vehicles, which differed from the first ones: smooth doors, new opening system.         The Haik-v 5128 was set in motion on June, 27th, 1980. The capacity is at 26,0t.         The wagon has an advertising for "Möbel Pfister" since 2002.         Model:       manual work         chassis: brass       manual work         Made in Germany       scale 1:160         superstructure: brass       even at the front and rear sides         delivery: ready-to-run       Special edition by AB-Modell         pointed axles       requires 6,5mm-track         construction: Schlosser       high weight         couplers: Micro-Trains-Line       high weight         Nice model of advertising wagon "Möbel Pfister".
