

Swiss narrow gauge – Rhaetian Railway

RhB – 3-wagon-set with stakecar and gondolas

Prototype:

Since the mid of the 1970-ies, the RhB decided to rebuild most of their two-axled freight wagons because of their age and condition.

This three wagon-set contains one of each K-w 7501 – 7509, Kk-w 7301 – 7330 and Kkp 7351 – 7364, which are detailed described in their own catalog-pages. Please look there for all details according the prototype. These nice looking vehicles can be seen on the RhB-track all days.

Nm
