

Pirata - Update

Pirata-models will be produced again

Dear friends of the Rhaetian Railway on track N and Nm,
At the end of September we were at the Italian model fair in Novegro (Milan) and met Pirata. Stefano Ramunno was available for a long talk and told us there would be another series of the stake cars produced later this year. At a new model they are currently working, but there were no further details.

We wish you a lot of reading pleasure,

Your
AB-Modell-Team
