## Delivery

The new product information of the company Noch shows the locomotives Zizers (incl. two EW I) and the Chur-Arosa anniversary machine as "immediately available".

From Pirata we received the information that a small series of the green EW I was already produced and is also "immediately available".

We have ordered some first pieces of all models. The models will be delivered as part of the order process, subject to availability from the respective manufacturers.

We have no influence on the delivery times for repeat orders. We also do not guarantee their availability.

The information on new products for the "Glacier Express" advertising locomotive and the new "Gourmino" dining car shows the delivery date as "March 2020", i.e. after the forthcoming Spielwaremesse. Whether this delivery date can be met is currently uncertain.

We will keep you up to date on this via our newsletter.

The pre-order prices in the right-hand column apply to orders received by us up to the specified date. Orders received later will be billed at the regular price.

As soon as we receive the models, we will publish current product photos.

The two models announced on this page were tendered by the company Noch as novelties with delivery date spring 2020.
